The Red Knight Rider Newsletter of the Red Knights International Motorcycle Club Spring 2007

Make your plans today and join us in Worcester, Massachusetts to celebrate our 25th anniversary at the 2007 Convention!

Dear Brothers & Sisters,

I hope this letter finds all our members doing well. It's been quite a winter for all of us in the northeast. We were able to continue riding to nearly Christmas. Then winter came and has not wanted to let go since. The calendar says that spring is finally here, but as I write this in mid-April the snow is falling again!

It is hard to believe that it will be two years since I was re-elected to serve as your president. The time has gone by so fast. Thank you, the members, for giving me the opportunity to serve you and our wonderful organization as an International Officer over the past 16 years. I hope that you feel that I have done well in representing each and every one of you.

I learned early in my posts with the International Board that the work needed to run the Red Knights could not have happened without the support and willingness of each of the elected members of the board and the other countless volunteers that come together to work as a team in leading our club. **THANK YOU!!** *You people are the best and the hardest working bunch that I have had the pleasure of working with during my time in office.*

Many times over the years I have been asked by members, "What can we do to keep my chapter together?" The largest contribution to chapter success is each individual. The membership, its support and willingness to give that little extra is what it takes to keep a chapter active, enthusiastic, and alive. As chapter officers, also be willing to listen and learn. Team work is the best approach and a strong club is only as good as the officers that lead it and the members that support it.

The Red Knights are now in its 25th anniversary year. The chapter officers and individual members must continue to have an active hand on the operation of the organization at International level. *One way you can take on this active role within the International is to ensure your chapter has a delegate at the International Conventions.* This August is a great opportunity to participate in our convention. It is our twenty-fifth anniversary and the convention is being held in the foothills of our organization's birth. We know that this will be a very well-attended convention and we hope that each of you considers coming to Massachusetts to celebrate with us.

The Red Knights Memorial is coming along well and plans are to dedicate this memorial during our convention. The memorial is located in Boylston, Massachusetts, just a few miles from where the convention is being held in August and its dedication is for all of our past and present members.

Never forget, this is a club that was founded to help to promote the positive image of motorcycling while enjoying the camaraderie of other firefighters and friends. No matter how large or small the contributions are that a member brings to a chapter, many times it is the individual's effort that is remembered.

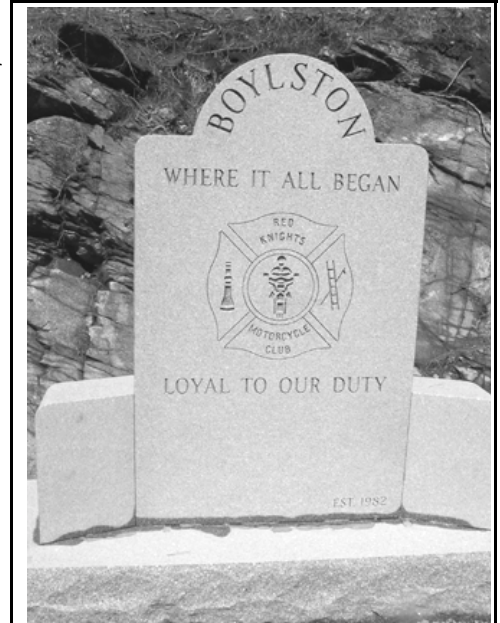

This August I will be turning over the reins of the International leadership to an new President. Without question I am looking towards Worcester's pending events with mixed emotions as my term with the board comes to a close.

Having been with the Red Knights from my chapter's founding in 1983, both my wife Peg and I would like to say *"thanks for the memories."* We have made so many good friends over all the years and we will never be very far from each of you. You all hold a place in our hearts. God bless and stay safe.

We will see you in August.

Ed & Peg Brouillet

As part of the 25th anniversary of the Red Knights, we are going to be burying a time capsule at the memorial site to be opened at our 50th Anniversary. Anyone wishing to contribute can send things to Ed Brouillet.

Spring is returning to New England and so has active work on the Red Knights Memorial. Please join us in August for the dedication of the memorial at the Boylston Fire Station – where it all began.

5:10 Grievance Procedure at Chapter Level. The Chapter Board has the right to suspend any member for cause. That member has the right to appeal that suspension to the Chapter Board or to the Chapter membership.

If the Chapter Board does something, or something happens in a chapter that any member thinks is inappropriate, that member has the right to call a special meeting. Any member of a local chapter can ask for a special meeting.

A special meeting must be announced to ALL the Chapter membership of that chapter in a letter, not email and not on the phone. It must be done in writing. A special meeting must be announced at least thirty days in advance. The reason for the special meeting must be spelled out in the announcement and absolutely NO other business can be discussed at that special meeting.

A minimum of two-thirds (2/3) of the entire chapter membership must be in attendance at the meeting in order to conduct the business as announced for the special meeting.

A minimum of two-thirds (2/3) of the chapter members present is required to pass any motion made at the special meeting. Any motion must be related to the written reasons the special meeting was called.

If you want to reinstate a suspension, you must make that part of the reason for the meeting. If you want to call into question the actions of the local Board or any of its members, you must make that part of the reason for the meeting. If you want to be able to discuss sanctions against the local board or any member, you must make that part of the reason for the meeting. Legally, you cannot make decisions or discuss things that are not on the announcement for the special meeting. Any motion becomes effected immediately with a two-thirds (2/3) affirmative vote.

If it is determined that the chapter officers acted in an inappropriate enough manner to be replaced, you CANNOT replace them at this special meeting.

If you do remove the officers, a special meeting will have to be announced with all the requirements of a special meeting with the express reason of electing new chapter officers.

Finally, anything that happens at the local level can be appealed at the International level. If there are sanctions placed against the local Board by the membership, they can appeal to the International Board. If there are sanctions placed against a member by the membership at a special meeting, they can appeal to the International.

The International Board will only get involved in this whole process if the person or persons to whom sanctions were brought by the local membership want to appeal that decision to the International Board.

The chain of command shall be followed by anyone wanting to appeal to the International Board. (State/Province Representative, Regional Director and last the International Executive Board).

SECTION 7:03. [*Add*] Members-at-Large will be considered one chapter and will have one (1) vote on each motion presented on the floor at the annual meeting. The vote will be casted by the MAL representative. Any Board Member may vote on behalf of his chapter if there is no other chapter member signed in as the chapter voting member.

What is your chapter up to?

Let us know what your chapter does throughout the year that may be of interest to your brother and sister Red Knights. Brag a little (in the newsletter and on the web page). Send our newsletter editor info and pictures on your chapter events!

Motorcyclist's annual Ride to Work Day is Wednesday, July 18, 2007

Ride to Work Day reveals that motorcyclists come from all walks of life, work in all occupations, and range in age from teenagers to grandparents. The American Motorcyclist Association and many other worldwide rider organizations actively encourage all motorcyclists to ride their cycles to work as a grassroots demonstration on the third Wednesday in July each year.

Each work day more than eighty million cars and light trucks commute on American roads, but only about 200,000 individuals regularly ride their cycles to work.

More information about Ride to Work Day is at <http://www.ridetowork.org>. ...and remember, The day after RTW Day is *'the heck with work, I'm going riding day'*...

Good day fellow Red Knights,

It has been an honor to serve the members of the north-east as the regional representative to the International Board. It is also my intent to run for re-election as your Eastern Regional Director. Red Knights — Brag about your area!

The International would like to create a new travel directory. "Red Knights Quests" will be made by our members for our members.

The idea is to have individual local members submit information about your favorite local rides. We all have one or two really great rides, now you can let visiting Red Knights know them too.

Please take pictures and give the route directions or send a map showing the 'quest.' Submit information about what is special about your quest, including stops along the way and especially any good eateries that others would enjoy.

We would like to have a response from as many members as possible. Once compiled, plans are to have the "Red Knights Quests" available on a CD for members to get from the International.

Please send all your ride information or any questions to the Central Director Steve Chappell. central_director@redknightsmc.com

Red Knights Web page changes — In the near future the daily maintenance responsibilities for the Red Knight International's web page will be changing from our editor Bob Laford to TMG Designs. We appreciate your patience during this transition.

Any chapter looking to order Red Knights decals that are available through the International are to contact the International Secretary, Bill Snodgrass at 614-271-8577 — secretary@redknightsmc.com

Meet us in Lake George for Americade!

What two benchmark traditions for motorcyclists both began in 1982? Americade and the Red Knights – that's what! Every year tens of thousands of riders travel to beautiful Lake George and enjoy the motorcycle haven that it becomes during the first week in June. And each year the Red Knights have played a prominent role in the celebration and the great time that everyone enjoys!

If you like riding winding roads, cruising on elegant sightseeing boats, riding new demos from major manufacturers, enjoying great meals, or meeting up with other motorcycle enthusiasts (including several hundred Red Knights) - then Americade is the place to be.

Amazing beauty is what you will find in the Adirondack Mountains and on the shores of Lake George. The area's riding is among the best in the country, with lots of scenic mountain roads, convenient interstate highways and breathtaking views. It's no wonder why the Red Knights keep coming back to Lake George and Americade each June.

Come join us during the RKMC anniversary year at Americade. One thing is for sure, Americade is where you will have a ball and meet great people who will become life-long friends.

Join your Red Knight brothers and sisters for some special events at Americade:

- **Three-course Dinner** hosted by the Red Knights on Wednesday evening. This is one of the events you can choose to attend on your registration form. Last year we hosted nearly 300 people for the dinner. PLEASE help us with door prizes. **Each chapter is asked to donate a door prize** (and get it to the President before June).
- **Wednesday afternoon seminar on "Planning for a long distance trip"** presented by International Editor Bob Laford, at Roaring Brook Ranch... based on Bob's series of articles that appeared in Wing World magazine this year.
- **RKMC Open House and Meeting** at the Lake George FD Thursday evening, June 7. Come break bread with several hundred other Red Knights with Thursday's hosts, NY-12. (4:00 p.m.)
- **Saturday's parade usually boasts nearly 100 Red Knights.** Join us this year in a fun motorcycle-only parade that winds through Lake George Village to the top of Prospect Mountain.

Don't forget to show your Fire Service Pride and bring your **FIRE HELMET** to wear in the Saturday Americade parade!

Make Plans for the Killington Classic!

The weekend after Labor Day will never be the same! Just ask anyone who went to last year's Killington Classic in Vermont. It was a great time and the Red Knights were right in the front row.

Join us in 2006 for another great time. September 6-9 is this year's *Classic* in Killington, VT. - www.killingtonclassic.com

Red Knights Dinner at Roaring Brook Ranch Wednesday, June 6, 2007

The Red Knights have been able to give away more door prizes than any other sponsor of the dinners and rides at Americade each year. It does not go unnoticed by the people who run Americade, the people who attend Americade – or the other sponsors! We're able to continually provide those door prizes at our Wednesday evening dinner ***because of you our members and you our chapters.***

Help us again this year make the Red Knights hosted dinner one of the most popular venues of the week. When you sign up with your registration put a check box next to the Wednesday evening three-course dinner so you can join us for a fun event.

We are also asking that each chapter donate one door prize to the cause. That is over 200 potential prizes! Anyone — chapters – MAL's – or individual members – are encouraged to donate door prizes to make this another special event. If you are not coming to Americade, please send your door prize to International President Ed Brouillet in time so that he can take it with him to New York at the beginning of June.

Thank you all for making our Americade participation an overwhelming success!

Words From The Southern Regional Director

It is with great sentimental mixed emotions to have to say goodbye to our club President Eddie Brouillet — but I can say with joy, Eddie and Peg "JOB WELL DONE".

Ed and Peg have dedicated the past 10 years of their lives to aid and assist in the leadership of this club. There have been many bumpy roads traveled and there have been many irreplaceable memories they have experienced. As you notice I give praise to Peg as well as Eddie for their devoted time because I know the position of our president for the past 10 years has been a team effort on both of their parts.

As we embark on the upcoming RKMC 25th anniversary in August and the dedication of our RKMC memorial a decade of leadership will come to pass and a new phase of leadership will receive the responsibilities. With that, the club will continue to advance and grow with exciting ideas that are in the planning for the future of our club.

On that note, it is with humble appreciation to announce that the International Executive Board has nominated me to run for the office of vice-president which I accept. If elected, I pledge to devote my abilities to continue the progress this club has received in the past and contribute to the projected plans and ideas for the future of our club.

Fraternally,
Gene Downs

It's raining... You've been on the road for hours. You still have 1100 miles to go. You're riding alone. Your bike isn't running right... It stalls and quits. Now, you know you're in trouble! You pull over... now what?

This has happened to all of us at least once. Mine? I was driving back from Canada to Columbus, Ohio after a seven day trip with two other friends. They went ahead and I did some sight seeing before I headed out. About 80 miles out of Columbus and my bike broke down. Where am I? All I see is corn fields!

Insurance for Special Events. Just a reminder that Associations and Chapters can apply to the International to purchase insurance coverage for special events hosted by their organization. Contact the International Secretary for information on this program.

The insurance that the International provides for the chapters to purchase for their events will increase by 3 to 4 percent in 2007. In dollars this means between \$5.00 and \$24.00 depending on the type of event and the number of people in attendance. We have not had an increase in the past two years.

The biggest change in the insurance program beginning in 2007 is that we CAN NOT provide insurance for any event where the chapter/association is selling alcohol. This also includes asking for donations, placing of a bucket for money, selling drink tickets, selling of cups or any other way that you could receive monies for the alcohol.

This is due to two things. The passage of the Dram Shop Act in many states and the position that our insurance carrier has taken regarding this issue. This includes poker runs, cook outs, our Annual Conventions, chapter host parties etc.

If you have any question regarding this, please contact the International Executive Secretary before requesting insurance. If you request insurance and sell alcohol, the policy will be voided. This will be explained more at the Annual business meeting.

Have you ever been traveling and thought, "Gee I don't know anyone around here. Where is the best place to eat, stay, or get my bike worked on?" That's what the Help-A-Knight program is for – to maintain a database of Red Knights who are willing to accept telephone calls and help fellow Red Knights. Some of the help may be for information, or other options such as if a RK member can stay overnight, pitch a tent in your yard, or leave their bike at your house.

Membership Survey Results

In the fall newsletter there was a notification that the International Board of the Red Knights would conduct a random phone survey of its membership. This survey was a tool to help the Board with planning the immediate and future paths of the Red Knights International Motorcycle Club. The survey was completed in January.

The intention of the Board was to survey at least one member from each Chapter including a sampling of the Members-at-Large which totaled approximately 260 contacts. Each member of the board was given a minimum 26 random members to contact.

Stressing the need for accurate chapter rosters, many of the telephone numbers, taken from the official International roster, had changed or were incorrect. Not one Board member was able to contact every member on their first list and had to have new contacts issued by the controller. Even with these additional names, and after many hours during many days on the phones, the Board received responses from only 68% of the members we attempted to contact.

Of the 68% the Board was able to contact, not all members answered all of the questions as many simply did not know the background. These are the eleven questions asked. Each question is followed with the background and the reasons for the questions.

1. Are you in favor of the Red Knights International Motorcycle Club pursuing new members?

a. Yes 168/100% No 00/00% Total 168

As more members are obtained administration costs for members increase proportionally. Approximately 95% of the membership costs go in to direct costs such as advertising, promotion, printing, mailing, correspondence and other management costs. The only way these costs are able to be currently maintained is through the volunteer efforts of the executive board.

2. Are you aware that the red knights have the lowest dues structure of any of the major motorcycle clubs in North America?

a. Yes 41/24.4% No 126/75% Total 167

The annual Red Knights International Club dues currently are \$7.00 per year. Each chapter sets their own dues. International Clubs such as: the Harley Owners Group dues are \$45.00; GWRRA yearly dues are \$45.00 per year; AMA yearly dues are \$39.00 per year; IAFF motorcycle club dues annually are \$50.00; Blue Knights Motorcycle Club yearly dues are \$20.00 per year; Wind and Fire dues are \$20.00. The RKMC International dues are among, if not the lowest of any International Motorcycle Clubs.

3. Do we need more members on the International Board to better manage our seven thousand plus member club that is spread the length of North America and foreign countries?

a. Yes 97/57.7% No 55/32.7% Total 152

Currently there are over 7,000 Red Knights managed by (4) regional directors. The quarter master, recording secretary, treasure and president also have specific duties. Many times we hear concerns that members can not get immediate issues addressed in a timely fashion.

4. Should the International Club give more financial aid to local chapters for multi-chapter events?

a. Yes 118/70.2% No 44/26.1% Total 163

Each year the board accepts requests for financial aid

from individual chapters and state associations. On a yearly rotation the International budgets \$5000 to provide seed funds for events. In addition every year the International contracts event insurance in order to provide economical individual event insurance to protect the local club, participating volunteers and sponsors.

5. Should the International Club give more financial aid in matching funds for Promotional Grants to chapter?

a. Yes 118/70.2% No 45/26.7% Total 163

On a yearly rotation, the Board budgets \$1600 in funds for local chapters to promote the Red Knights.

6. Should the International Board find new avenues to obtain funds to help local chapter and State Associations with multi-chapter events and other financial responsibilities of the International Club?

a. Yes 137/81.5% No 26/15.4% Total 163

On a yearly rotation, the International purchases patches and rockers in bulk. In addition to this the quartermaster looks for Red Knights items to market. These items in addition to the membership dues are the only revenue currently generated by the international.

7. Are you aware that on average the primary officers of the International Board work over 20 hours a week year round for the organization?

a. Yes 35/20.8% No 132/78.5% Total 167

The demands upon the Board officers have been increasing steadily. During peak times over 40 hours per week have been required from several members. These occur regularly during membership renewals and board meetings. The minimum time spent by board members is an average of 6 hours a week.

8. The financial responsibilities of the International Club and time each member of the International Board spends on club responsibilities increases yearly. Should an International dues increase be larger than necessary to maintain our current commitment, which would allow the hiring of an administrative assistant to

take the work load off of the all volunteer International Board?

a. Yes 137/81.5% No 26/15.4% Total 163

The financial responsibilities of the International Club and time each member of the International Board spends on club responsibilities increases yearly. There are a few high hour key positions that are being pressured by family to reduce hours. This will reduce the services we are currently offering.

9. Are you in favor of the Organization hiring an administrative assistant?

a. Yes 143/85.1% No 21/12.5% Total 164

Since the increasing costs for running the club dictate a marginal increase in the dues, the cost of hiring and administrative assistant would necessitate a larger increase in International dues.

10. Should the International Board maintain a permanent address for its corporate accounts and records?

a. Yes 162/96.4% No 3/1.7% Total 165

As the International Board changes, so does the contact addresses requiring continual change of address to the membership. Currently members have been mailing to any member of the board that seems currently convenient. This has led to delays in returning correspondence of updating member lists.

11. The International Board, as a long range plan would someday like to purchase a property to house an international office, where all records would be centralized and provide an office for administration of the organization and possibly provide a form of rental income to offset the cost of the building. Would you be in favor of this plan?

a. Yes 158/94% No 6/3.5% Total 163

The Organization does not have a permanent office or location to house an office, and warehouse our records and files and has depended upon board members to provide space as available. Currently club records are spread among several members of the present and past boards.

With the support of the Red Knights International, Red Knights MC Virginia Chapter IV was able to represent the RKMC with an informational table at the annual Virginia Fire Chiefs Association Expo & Symposium held in Virginia Beach, VA in February. The annual symposium is a combination of fire related seminars.

With firefighters from all over Virginia attending the symposium, VA-Chapter IV couldn't find a better vehicle for promoting the Red Knights and the Virginia Tidewater and North Carolina Albemarle area Red Knights Chapters.

2006 Year End Report From The International Treasurer

Listed is the year-end report for January 1 to December 31st 2006

As International Treasurer I submitted to the board a quarterly report for all quarters of the 2006-year including an end of year report and 2006 Red Knights corporate tax return with the I.R.S. Also filed was the annual report with the Commonwealth of Massachusetts for our articles of incorporation

Set up and maintained a tracking data base for funds donated by the chapters for the Red Knight victims of Katrina and Rita. Maintained a record of all promotional grants given to the chapters and Associations of the Red Knights Organization.

Researched a second bank account in the State of New York. Completion of this project is awaiting final approval of the membership from the August 2007 convention floor.

Filed a group Letter of Determination application with the IRS on behalf of all the Red Knights chapters that had applied to me to be part of that process. This application was withdrawn.

Paperwork for additional Trademark protection filed through the law firm of Christopher & Weisberg P.A. This process will also be applied to Canada once the US patent has been completed. The cost for this will run around 6 to 8000 dollars total we have already paid \$4,560.04 of this.

On the 16th of November I filed the certificate of revocation of appointment of a resident agent to change our resident agent from Don Staples to Ed Brouillet this is still pending.

Spent 993 hours (19.10 hours per week) during the period of Jan 1 – Dec 31 2006 dealing with Emails, phone calls and correspondence related to the duties of International Treasurer with approximately another 2 hours per week spent on International's Banking requirements.

The above mentioned times are also above the time required to attend Executive meetings and the business conducted at the International's business meeting held each August.

At this time I would like very much to thank the International Secretary for all the help and encouragement he has provided me in a very hard and trying year. I would also like to extend my thanks to the rest of the board for all their efforts on behalf of the membership and the team building that has gone on over the past couple of years to bring the board to the level it is. Without that drive and devotion the organization would not be able to survive.

Leo Patry, International Treasurer

CHAPTER BY-LAWS. Many Chapters have adopted the International, Chapter generic, sample By-Laws. As a results of several Articles and sections that have been discussed at the Executive Board meeting, there have been some additions and changes, we suggest your Chapter's By-Law's Committee check out the changes on the International Web-Site to see if they will effect your current By-Laws. Check the cover page to see which ones must be changed. Thanks.

Dick Morse, International By-Laws Chairman

As an FYI to the chapters, the past edition of the Sample Bylaws listed Social and Special Honorary members as no having to pay dues to the Red Knights International. This was a misprint. **Social and Special Honorary members must pay dues to the International.** This was an oversight in the sample by-laws, and we apologize for any inconvenience this has caused.

RED KNIGHTS Grand Tour

The RKMC Grand tour is still doing very well. In 2006, 175 members and guests completed a Tour; this is down slightly from 2005 when 208 finished a Tour. A total of 719 Tours have now been completed over the 9 years since we resurrected the program.

You can earn your Grand Tour pin by doing a **FIRE HOUSE** ride or a **RED KNIGHT** ride as well as the traditional **GRAND TOUR**. Just visit Fire Stations beginning with these letters and you can earn your Grand Tour pin that way

Join the RKMC Grand Tour! Participate by yourself, with a few friends, or with your chapter and help spread the word about the Red Knights to fire departments around your area.

If you have pictures from your **GRAND TOUR** that you would like posted on the web page, get them to our editor and they will be posted at www.redknightsmc.org/GT.HTM

Beginning in 2007 any photos sent via e-mail to the chairman will also be available for everyone to see at future conventions. We will show them as a slide show.

What is the Grand Tour?

When the club was young, the easiest way to tell others about it was by word of mouth. This meant that the members had to get out to visit other firefighters in their areas, and one of the best ways to do that was to visit Fire Stations. Someone came up with the idea of rewarding members who made a certain number of visits with a certificate and a pin. Proof of these visits was needed and so the idea of Grand Tour was born.

How do I earn a Grand Tour Pin

In order to earn a Grand Tour Pin you must first get an application form from the G.T. chairperson, then during the course of one (1) riding season you must visit fire Stations whose names begin with the letters **GRAND TOUR, FIREHOUSE, RED KNIGHT**, or twelve Fire Stations beginning with any letter of the alphabet (this is for members who live in some of the more remote areas and may not be able to come up with Stations beginning with the specific letters). You must have a picture of you and your motorcycle taken at each Station, with the name sign visible. Co-riders may also earn a pin and a rider and co-rider may have their picture taken together.

When you have completed your visits simply fill out the application form and return it with your pictures to the GT chairperson and he/she will send you your certificate and pin.

Vice-president's Report

Hello my Red Knights friends. I returned from the Red Knights Executive Board meeting in Syracuse, New York finally able to see snow before I departed back to Ft. Lauderdale on April 15th. We had two full days at the table working on the Constitution and by-laws, our memorial (which is coming along very nicely), and a few other important matters that we will share with you at convention. We kicked around ideas that may help solve some convention challenges. We brainstormed both short and long term ideas and I can tell you there are some very interesting ideas in the pressure cooker now that look promising for the future of the Red Knights International Motorcycle Club. There will be a full agenda before us this convention, so I hope we have a good turn out. I heard a report that the hotel is booking rooms very fast now that we are getting closer to August.

I want to tell everyone that I have enjoyed working for you as Vice President. It's easy for me to contribute to a group when they show their appreciation like you have. I think it is terrific that President Brouillet will fulfill his dream this year as President. Ed has announced he will be stepping down as President at the convention. That will create a vacancy and I would like you to consider me for the next President of the Red Knights International Motorcycle Club. I have worked as Vice President for the past five years and have been a board member since 1999 after joining the club in 1994. I have a good working relationship with the board members and with the general members. As you already know I like to talk but I like to listen too. I think that is my best asset but more importantly a good skill to have in this position. I'm not going to go into a long campaign speech at this time. I will save that for later. I will be available for questions now and at convention. I hope you will agree we need to stay on course and broaden our horizon.

I'm glad everyone made it through this crazy winter we had. I'm looking forward to seeing you at convention.

Fraternally, Jack C. Downs – Vice-president

RED KNIGHTS INTERNATIONAL MOTORCYCLE CLUB – 2007 ANNIVERSARY CONVENTION Worcester, Massachusetts

Support our brothers and sisters in Massachusetts and purchase ad space in the convention booklet!

For any Chapter that has hosted one of the annual conventions you know that Mass-1 and all the members of the convention planning committee from around Massachusetts have been working hard to provide you with a great convention experience. This work began long before last year's convention.

Along with the work there are some costs to the club. The primary way for the committee to raise funds to pay for the club's convention expenses is through their convention program and ad book.

If you run a business or know of a business that would like to advertise in the booklet OR if your chapter would like to take out an ad to support the convention OR for those of you who cannot make the convention and would like to support our hosts with an ad in their books, here is the information

Full page	\$100.00
Half page	\$ 50.00
Quarter page	\$ 25.00
Business Card Size	\$ 15.00

Make your plans for 2007 and years to come. Here are some convention locations in the next few years:
