Mass Chapter 2 — January 2012

Loyal to Our Duty

From the
President's Desk

Happy New Year everyone!

Did you notice that the weather in 2011 was rather — odd?

In Massachusetts we had earthquakes, hurricanes, tornados, flooding, periods of no rain, and last winter there was a lot of snow, all packed into the beginning of 2011. Our last snow fall in the Spring was April 25, and our first snow of the Fall was on October 27. That meant there were only 185 non-snow days in our riding season. What will 2012 bring for us?

Our 2012 ride calendar is under production thanks to the help of our officers and from your suggestions. I think that the words that Rodney Akins sings are about us when he says, "It makes me wanna take a back road, makes me wanna take the long way home. Put a little gravel in my travel—Unwind, unravel all night long." It is a good time to start daydreaming about where to ride and what to see with your Red Knight friends in 2012.

During these weeks of motionless motorcycles, it is a good time to think about those things we can do to maintain and improve ourselves and our bikes without actually being out on them. For us, it is time to exercise our minds by reading about how to be better riders. There are many good books and magazines that will keep us thinking about future rides and giving us some information on improving our skills and our safety when we are on the road. Also, the time we are able to spend doing exercise in maintaining our bodies will help when it is time to roll the bike out too.

If your bike is accessible, this is a good time to spend some close-up-and-personal time with it. Do some detail work with your steed so you can look over some of those pieces and places that you do not look at routinely during the year. It is time to plan for spring maintenance too. How are your tires, brakes, fluids (not just oil), belts, chains, and other items that may need a mechanic's attention at the beginning of riding season?

I know that I am anxiously looking forward to 2012 and being on the road with friends again. Each spring that first warm day's ride always brings a HUGE smile and all sorts of serotonin chemicals into my bloodstream giving me that great to be alive motorcycle feeling! How about you?

As I stressed at our Christmas party, we have a great group of people and I hope that you all come out and enjoy some time with the club this year. And as we begin a new year, our thoughts for all of you line up with those of Saint Patrick:

*May the road rise to meet you,
May the wind be always at your back,
May the sun shine warm upon your face,
May the rains fall soft upon your fields,
And, until we meet again,
May God hold you in the hollow of His hand.*

Mass Chapter 2 Motorcycle Safety Foundation Rider Education Scholarship

The chapter is again providing MSF Rider Scholarships for 2012. We will be giving out two basic rider course scholarships that are available to anyone and two experienced rider course scholarships that are available to our members.

Deadline for submission is **February 1, 2012** and the scholarships will be awarded in March. An application for the scholarship is enclosed and they are also available on the webpage.

Please share the scholarship info with someone who would benefit from the training program.

Please help us get the word out about the Red Knights and our scholarship program by posting the scholarship flyer at your local fire department and your favorite local bike shop!

The Motorcycle Safety Foundation recently graduated its six millionth Rider Course student, a milestone reached through the ongoing efforts of nearly 10,000 Rider Coaches at more than 2,000 training sites worldwide. Our chapter has been involved with the MSF courses since 2004, proudly assisting 38 riders improve their skills through the MSF Scholarships that we have awarded over the last nine years!

And the wheels keep turning!

Love to see the world come at me through the bugs on a windshield
Love to feel the wheels turning - Always have and always will
Somewhere inside me there's a new direction
Somewhere before me there's an open road
Can't go to sleep without that engine singing
And somebody telling me it's time to go — Let's ride
Come on boys, let's ride — Yeah let's ride

Trace Adkins

2011 did not "officially" break the 2010 total miles for the chapter. When the VP had announced all his figures we were a bit short with 168,267 but that is still quite the number, and also without a few of the *high rollers* not sharing their mileage with us in time!

If you have not gotten your end '11/ beginning '12 mileage in, drop Kevin Martin an email or call so he can log you in to this year's "race for the mileage." For 2011 our top three mileage getters were Bob Laford, Maury Lizotte, and Ed Brouillet with 19,081, 17,005, and 13,469 miles respectively. And Phil Jordan's GL1200 passed the 100,000 mark!

In 2011 we had over 40 chapter events on our calendar, but the weather for the year was unpredictable and we did have some "rain outs" and ended up with 38 held events/rides/gatherings. Over the course of the year we had an average attendance of 15.73 per ride. The Christmas party and Americade tied for our most attended events with 30 members each. Our "lightest" attendance was seven for a ride in July.

*On the road
with our
friends...*

- We were pleased to hear from our Texas connection that she would be home for a few days in October and *may* be interested in a ride. Actually we received specific orders to put together an impromptu ride while she was here.

- Just a few short days after the October snow storm (and a few

short hours of having restored electricity for some of us), we had our Polar Bear Ride.

Unfortunately, the condition of some of the roads (with salt and black ice) left over from the storm brought most of us out on four wheels. There were a couple of brave riders among us as we went a few short miles west and enjoyed the Sunday brunch at the King Phillip Restaurant.

- It was 33 degrees when I left the garage for our November breakfast club meeting. We had three bikes and three cars arrive (10 people total). We went to The Crossroads Café (formerly Olsen's) in East Templeton.

- We had 15 people come out for the December Breakfast... and with Marcia's daughter Katie visiting from school in Las Vegas we figured the snow shower we experienced on the way to the Glen Café in Winchendon was an answer to her wish for snow for Christmas! We also received secret gift cards that we have to redeem in January back at the café. Come join us!

Texas had a season full of HOT and DRY weather. So when we awoke to 33 degrees on the Sunday of our Caitlin ride we knew she may be a bit un-acclimated to the temperatures! It was about 40 degrees when we met up and she was very unsympathetic to one of her Texas friends that called to say that it got "way down to 55" overnight. She proceeded to tell the caller it was 40 degrees in Massachusetts AND she was on a motorcycle ride! But she was smiling from ear to ear as she road her dad's bike with us.

Through the generosity of our members we were able to make a number of donations to causes and individuals who were in need of our support in the last year. Included in these were:

- American Cancer Society
- Athol Congregational Church
- Crohn's and Colitis Walk
- Dept. of Children and Families
- Greg Butler and Ashley Jackson Fund
- Mia's Miles
- National Fallen Firefighters Memorial
- Paul's Ride
- PBTFS/Ride for Kids
- Sherry's House

Last year the International Board asked the chapters to let them know about their local fundraising and charitable contributions. Since making that request, Red Knight Chapters have told the board of over \$193,000 in charitable donations.

That's impressive!

Membership news...

Congratulations to Bob Laford on his election as Assistant State Rep in Massachusetts for the Red Knights and to Don Hurme on his new place. Congratulations to Bob Sharkarian on ordering his new Harley-Davidson trike!

Congratulations to Rick Oliver and the New Salem General Store for being named the top distributor of Jack Daniels Single Barrel in Massachusetts for 2011! I think the Red Knights had something to do with that!

The chapter keeps a database of rider emergency information (contacts, insurance company, etc.) for the officers to have on hand during the riding season. If any of your information has changed, please use the form included with this newsletter to update the information for 2012. Thanks.

We were all very proud to step in on behalf of the Pediatric Brain Tumor Foundation and help them recognize Rick and Lori Oliver and all the patrons of the New Salem General Store for their efforts in helping raise over \$5,600 during the 2011 New England Ride for Kids!

We had a great time at our Christmas party last month with 30 members enjoying a sunny December afternoon at the Colonial Hotel in Gardner.

We had a wonderful meal with roast beef, baked haddock, roasted potato wedges, vegetables, and apple crisp for dessert. I don't think anyone went away hungry.

There was a picture display from throughout the year that had everyone reminiscing and looking for their mug shot on the board. The pictures and the stories told brought out a lot of laughter.

Through the generosity of our members we collected a number of gifts and \$225 in gift cards for Sherry's House in Worcester.

When the Yankee Swap started they seemed to be a couple of gifts that made it to several hands before the afternoon was over. The spaghetti fixings complete with spaghetti pot and the Batman Motorsports socks were passed around, but the snowman light went through the most hands before it made it out the door.

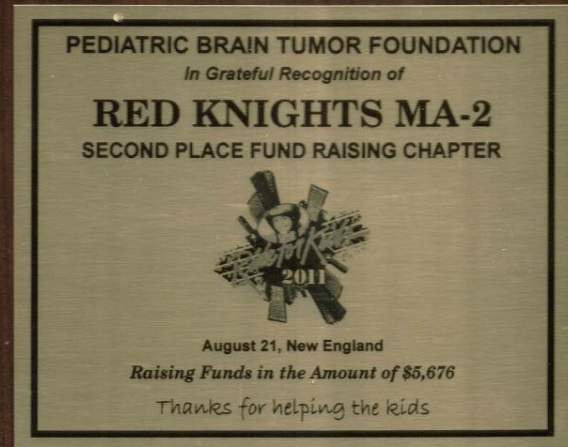

Mark your calendar for next year's Christmas gathering because it is always a fun time!

Ride for Kids...

Red Knight friends, you make me proud!

We received this letter and plaque recently in recognition of our chapter's work in raising money for the Pediatric Brain Tumor Foundation through the 2011 Ride for Kids. I cannot express to you how proud I am to represent our chapter!

Dear friends of the Kids,

Thank you for your fundraising efforts for the August 21, 2011, New England Ride for Kids. Thanks to your critical help, and the help of other caring motorcyclists, more than \$40,027 was raised to support the programs of the Pediatric Brain Tumor Foundation. The Pediatric Brain Tumor Foundation is committed to finding the cause of and cure for childhood brain tumors, and providing a network of support to assist the families of children affected by this dreadful disease.

In 2011 the Ride for Kids program continues to celebrate the fact that children with this disease have an increasingly better chance to live a longer more meaningful life. Your efforts are a huge part of the reason for this improvement. With your continued support we will find a way to end this disease.

We look forward to seeing you again next year.

Sincerely,
Terry Geitner,
National Ride for Kids Manager

Pennsylvania-12, the hosts of the 2012 Red Knights Convention, have made arrangements for a section of memorial bricks from Red Knights to be placed together at the National Firefighters Memorial. The walkways leading up to the memorial are lined with memorial bricks from all over the country and we as Red Knights have the opportunity to support this on going effort by purchasing bricks. We have voted to purchase a brick as a chapter and the Massachusetts Red Knights voted to buy a "State" brick, but you can also purchase a brick as an individual.

For the bricks to be in place for the convention you must purchase your brick by February. If you have any questions, or if you would like to purchase a brick, visit the PA-12 web page at <http://www.redknightspa12.org/>
